Dear Mr. Johnson:

Thank you for bringing these articles on the Dauphin Helicopter to my attention. I now have a greater appreciation of how important these Helicopters are in our lives. I truly appreciate and respect your concern for the families and lives that are associated with the Maryland State Police Aviation Command. The articles that you proposed are helpful and relevant, and will certainly be taken into serious consideration when under review.

Again, thank you for showing your concern, and for taking the time to share the information with me personally. I truly appreciate your knowledge on this ignored issue, and urge you to contact me if you have any further valuable commentary on this or any other matter. I look forward to working with you to create a solution on making the helicopter and facilities systems more efficient.

Please feel free to contact my office if you have further questions or concerns on this or any other matter.

Sincerely,

  
Thomas V. Mike Miller, Jr.
